Food Access Summit 2017 objectives:

1. To share knowledge of how all healthy food access work fits into the food system and broader community context;
2. To develop a shared understanding and common language across sectors and cultural perspectives in the food system;
3. To build and strengthen relationships across cultural perspectives, sectors, and geography;
4. To cultivate enthusiasm for collective action to advance healthy food access;
5. To learn skills and create action plans for implementing collaborative action for broader impact by building upon the established momentum of the Minnesota Food Charter.
