FOOD ACCESS SUMMIT 2017: ACTION PLANNING

Think of an example or challenge related to your work in which stronger cross-sector partnerships could lead to more effective systems-wide work. With that example or challenge in mind, respond to the questions in the table below.

Briefly **describe** the example or challenge you have in mind.	_____ _____
Who are the **partners** involved?	_____ _____
What **specific policy, systems, or environment (PSE) change** are you and/or the partner(s) working to accomplish?	_____ _____
What are some of the **values of your partners** with regard to this example or challenge?	_____ _____
In what ways can you **strengthen relationships** with partners and align your collective efforts with the **values of your partners**?	_____ _____

ACTION STEPS

Identify **three specific action steps** you can take to strengthen cross-sector partnerships and do more effective systems-wide work.

Questions to consider:

- Would a better understanding of PSE approaches help you and your partners work well together? If so, how could understanding of PSE approaches be increased?

- What are you and your partners' shared values or most compatible values? How can those values be made more central in the work you do together?

Action step(s) in the **next three weeks**:

What action will you take? _____

_____

What resources and support are needed? _____

_____

Action step(s) in the **next three months**:

What action will you take? _____

_____

What resources and support are needed? _____

_____

Action step(s) in the **next year**:

What action will you take? _____

_____

What resources and support are needed? _____

_____
